Product Oversight and Governance

AXA UK's Product Governance Policy sets out the standards that AXA Commercial is required to implement to ensure the achievement of fair value and good customer outcomes by having robust product oversight and governance arrangements, systems, policies and procedures in place, which encourage a business culture with customers' interests at its core.

- We identify, define and assess our target markets at an appropriate level, based on the nature and complexity of our products.
- We undertake appropriate testing of our new products before launch, to make sure they meet our customers' needs and provide fair value.
- The design and performance of all our new, existing and legacy products are subject to regular assessment and review to ensure products provide fair value and that there is a continuing customer-centric focus, achieving good customer outcomes.
- The features, nature and complexity of our products are carefully matched to our intended distribution channels to ensure they reach our identified target market.

These requirements are in place in order to ensure that all AXA UK customers receive fair value and that good customer outcomes are delivered in line with AXA UK's defined customer outcome statements.
