Why work with us?

Specialist solutions

Quality service

25+ products

A rated capacity

Trusted by 1400 brokers

Underwriting expertise

Experienced underwriting teams providing specialist products for niche sectors

Q Underwriting combines skilled underwriters, specialist products and A rated capacity

Q brings together established, trusted brands and teams of experienced underwriters.

We offer over 25 niche commercial lines products and have delegated authority from multiple A rated insurers. Our people are focused on providing great service and helping our network of over 1400 brokers win and retain business.

Thistle Underwriting Services, TFP Schemes, aQmen Underwriting Services and Q Property Underwriting Services are part of Q Underwriting.

All our products are accessible through a single TOBA, so when you trade with Q Underwriting, you have every one of our specialist teams on hand to help.

“

Our 1400 brokers can now enjoy direct access to all our products through one common TOBA and the benefits for brokers will increase over time as new products are launched and new businesses join us.

Bernard Mageean, CEO

TFP Schemes provides specialist commercial motor products for public and private hire, commercial, truck and agricultural vehicles and fleets, as well as motor trade road risks.

TFP Schemes has over 20 years' experience providing niche commercial motor products.

As the sole underwriters chosen to administer and distribute the Aviva taxi book, TFP has developed extensive experience with both individual vehicle and fleet risks.

Many products can be traded and easily managed through the TFP portal, Solo, and larger fleet risks are bespoke-underwritten by a dedicated team.

Q Property provides commercial combined and property policies for non-standard or complex risks which other providers may be unable to cater for and which require a bespoke, underwriter-led approach.

Q Property has been established to cater for brokers who are frustrated by auto rated products, trade or activity restrictions and an inability to speak openly and easily with decision makers.

The team offer open access to experienced underwriters and a bespoke approach to each risk that is presented.

As well as policies backed by A rated capacity, the team can provide bespoke wordings to support brokers in winning and retaining hard to place business.
